PRESS RELEASE

Awards for Achievers in Ethnic Fields

Governor Shri P.B.Acharya has taken up the initiative to award those achievers in various fields of life such as indigenous Games, Fine Arts, Agriculture, Social Works and Indigenous herbal medicine.

North East, particularly Nagaland is well known for its rich cultural life. We have been proudly showcasing our dance, music, handicraft & handlooms to the whole world. We are on the top in this field.

The Governor asserts that it is high time that we also showcase our achievers like social workers, political leaders, Patriots, Doctors, Engineers, Literary people and sportsmen etc..

We are second to None.

As such he has written to all the Deputy Commissioners of Nagaland to identify achievers in these field and make a proper inventory especially Indigenous games experts, Indigenous medicinal doctors.

We have to interact with emotional integration with these strong base of our achievers with the other parts of our country.
