GREETINGS TO POCHURY & KHIAMNIUNGAN COMMUNITY

(Yemshe & Tsokum Festival)

Honourable Governor extends his warm greetings to the Pochury Community on the occasion of Yemshe Festival and the Khamniungan Community on the occasion of Tsokum Festival. Both the festivals are great harvest festival of the Pochury and Khamniungan community of Nagaland.

Nagaland is a state where most of the rural population are dependent on agricultural product. Our men and women are working in the fields to meet our food requirements. We should focus on more welfare project/schemes for the welfare of farmers by reaching out to them & motivating them to go for Kisan Credit Card, Kisan Soil Card etc. of Central Government Welfare Projects and Jhan Dhan Yojna, Re. 1 Insurance. Initiative to be taken up for development of irrigation infrastructure, including canals from rivers, groundwater well-based systems, tanks, other rainwater harvesting projects and Solar Energy wherever feasible for agricultural activities. At the same time high yielding varieties of seeds to should be provided to the farmers to increase the productivity. With the improvements in irrigation infrastructure will improve food security, reduce dependence on monsoons, improve agricultural productivity and create rural job opportunities.

OUR N.G.O., HOHO'S, SOCIAL ORGANISATION, CHURCH LEADERS AND MOST IMPORTANT ORGANISATION LIKE STUDENTS' & YOUTH ORGANISATION SHOULD BE THE NODAL AGENTS TO REACH THE KISANS AND INVOLVE THEM IN OUR CVS WELFARE PROJECTS.

MUCH OF THE WELFARE PROJECT ARE NOT KNOWN TO THE KISAN. THE YOUTHS AND VARIOUS ORGANISATION GROUPS HAVE A DUTY TO REACH THEM.

As we celebrate, let us thank Almighty God and pray for plentiful harvest along with good health, and prosperity. On this day we respect our 'Kisans' and pray for their welfare.

May this festival bring peace, unity and wellness to each and every household. Let the festive period be a blessing and also promote the spirit of love and forgiveness.
