

**SPEECH ON 8<sup>TH</sup> FRESHER'S SOCIAL – CUM- ANNUAL DAY AND 2<sup>ND</sup> ANNUAL DAY OF UNITY COLLEGE OF TEACHER EDUCATION ON 10<sup>TH</sup> OCTOBER 2014 AT DIMAPUR.**

Mr. Aosungkum Longkumer, Chairperson,

Rev. Dr. Shiwoto Assumi, Sr. Pastor NCRC Sumi,

Chairman, Amity Welfare Society,

Principal, Faculty Members and Staff,

Parents and My dear students,

Ladies and Gentlemen,

It is indeed a beautiful morning,

It is my pleasure to be here to address the 8<sup>th</sup> Fresher's Social-Cum-Annual Day of the Unity College and 2<sup>nd</sup> Annual Day of Unity College of Education. Thank you very much for inviting me to this institution and be a part of your College Day Celebrations.

I am happy to know that under the management of Amity Welfare Society two educational institutions are running within the same campus. The Unity College that has been established in 2007 and the Unity College of Education that has been established in 2012 have been achieving significant milestones to impart quality education to our younger generations. And the management of these institutions makes the person a worthy member of the society by its philosophical thought and providing an environment which is very conducive to their growth and development. I am happy to learn that this Institution has the mission to impart holistic education in order to promote fostering of global competencies and enabling and empowering students to be self-reliant.

The Unity College has the strength with around 676 students and 28 teachers that have earned reputation in regard to University results, discipline and morality among the students and the Unity College of Teacher Education with an enrollment of 100 trainees this year have the motive of enhancing the professional and social interest of teachers to develop amongst them a sense of commitment.

Celebrating fresher's party and annual day in college campus has several advantages. Fresher's Day celebrations make juniors and seniors to mingle with each other and develop a friendly atmosphere. The very purpose of Fresher's Day party is to welcome newcomers in a friendly atmosphere and avoid social evils, to encourage their creative impulses to boost their confidence and giving them a hope for a bright future and annual day is the day highly awaited as it is the day when all especially the parents too are invited to watch proudly their children participating in various co-curricular activities or working hard on the stage. One can say that the preparation for this occasion goes all through the year. It is a great time for the students to interact with each other and with teachers informally. This leads to a better understanding among all and a feeling of co-operation is fostered. Everyone works unanimously for one common aim-the annual day of the school. Everyone works unanimously for one common aim-the annual day of the school.

It is always such a pleasure to be in the company of young, energetic, dynamic and pure minds. We shall all put efforts in our endeavour of whatever designation, we possess may be a student or an employee so that we can be a recognized person in our society. I take this opportunity to acknowledge the contribution of students, teachers and non-teaching staff in brining laurels to this Institution. While we have enough reason to celebrate what we have achieved, we must not be complacent about that. Success must inspire us to achieve more and must not make us oblivious towards our short comings. The improvement shown in this function highlights the hard

work, dedication and integration amongst its leaders and the members. I am very proud of their achievement and wish them all the very best for their future endeavours.

Teachers play an important role in students' lives. Teachers and parents ought to play to shape up the destinies, lives and future of the children. Let's try to learn something new from today. I am very happy to say that the teachers of the College for sincerely nurturing the students to achieve their academic goals. Today you're a student; tomorrow you'll be the pillar of our society. Your success is our success.

I appeal all the students to unite and excel in academic as well as other extra-curricular activities that students and youth must be responsible and contribute to the cause of society while working hard for their studies and must try to acquire a respectable place in their life.

Thank you

JAI HIND
