**MESSAGE**

I extend my warm Biam greetings to my Khamniungan brothers and sisters and all the people of Nagaland.

Biam is a festival to say thanks to the Almighty for His blessings and pray to Him for a good harvest.

The rituals performed at the granary during the festival reflects the rich cultural and spiritual heritage of our people. I urge upon our youth to divine deep into this richness and carry it forward.

Together with you, I pray, the Almighty to bless us abundantly as we celebrate the festival at home during this extraordinary Covid-19 situation.
