DIWALI GREETINGS

I extend warm Diwali greetings to the people of Nagaland.

This festival signifies victory of light over darkness, good over evil, truth over falsehood and knowledge over ignorance.

Cleaning and decorating homes and office premises with colours mark the celebrations. It gives an opportunity for the people to spend time together and foster good relationships in the family, work place and society.

It is extremely important that we celebrate the “Festival of Lights” observing all Covid-19 protocols this time.

On this auspicious occasion, together with you, I pray to God to bless everybody with good health, prosperity and abundant and fertile crops. May God lead us all from darkness to light!

(R.N. RAVI)
