**PRESS RELEASE**

Hon'ble Governor of Nagaland, RN Ravi on 12th April 2021 visited the Centrally Sponsored Mulberry Silk Plantations at Akuhaiqa under Bhandari Sub-Division of Wokha District and Manufacturing Unit at New Chungtia, Mokokchung implemented by Samvrudi, Weaving Units and later inspected the main plantation and rearing houses for the worms and cocoons.

The Governor appreciated the entrepreneurial drive of the people behind it which has also created employment opportunities for several hundred women of the area.

Governor R N Ravi also inaugurated the building of the Government Primary School, Akuhaiqa, reconstructed by the Samvrudi.

Speaking on the occasion, the Governor expressed concern at the inadequate health and education infrastructures in that area and added that the children, who are our most precious future assets, should not be made into a liability due to absence of adequate growth opportunities through access to education, health care and proper communication.
