HOLI GREETINGS

I extend warm Holi greetings to the people of Nagaland.

Holi festival with its vibrant colours accentuates positivity and the triumph of good over evil. Let us keep in mind the fundamental purpose of the Holi festival which is to unite the people together forgetting all differences, and to have love and respect for one another.

I urge everyone to responsibly celebrate observing Covid-19 protocols.

On this auspicious occasion, I wish everyone a colourful and happy celebration. God bless Nagaland!
